### Notice of Intended Action

**Twenty-five interested persons, a governmental subdivision, an agency or association of 25 or more persons may demand an oral presentation hereon as provided in Iowa Code section 17A.4(1)"b."**

**Notice is also given to the public that the Administrative Rules Review Committee may, on its own motion or on written request by any individual or group, review this proposed action under section 17A.8(6) at a regular or special meeting where the public or interested persons may be heard.**

Pursuant to the authority of Iowa Code section 249A.4, the Department of Human Services proposes to amend Chapter 75, "Conditions of Eligibility," Iowa Administrative Code.

The proposed amendments make several changes to the conditions of Medicaid eligibility for persons residing in a medical institution and persons treated as though they were in a medical institution for purposes of eligibility.

The amendments in Items 1 and 2 eliminate the previous personal needs allowance provision for recipients of a pension paid by the U.S. Department of Veterans Affairs (VA) which has been reduced to \$90 per month because Medicaid is paying for the person's care. That provision is replaced with an income exemption of \$90 which is applicable to reduced VA pensions and to VA pensions received by residents of the Iowa Veterans Home, whether reduced or not. This change will reduce client participation for an estimated 150 residents of the Iowa Veterans Home. The change is made to comply with a policy clarification from the Centers for Medicare and Medicaid Services.

Item 2 allows an additional \$10 to a member's personal needs allowance to pay for the administration fees of a medical assistance income or special needs trust. The amount may be higher than \$10 if approved by a court. Current rules provide that the Department determines eligibility according to SSI policy but do not specify how this policy is applied to trust expenses in determining a member's client participation amount.

The amendments in Items 3 and 4 close a "loophole" in the penalty on transfer of assets at less than market value imposed under Section 1917(c) of the Social Security Act. When a person has transferred assets to qualify for Medicaid, the penalty is the imposition of a period of ineligibility proportionate to the amount of resources transferred. When that period has expired, the person may become eligible for Medicaid payment for long-term care expenses. If expenses that the person incurred for long-term care during the period of ineligibility are an allowable deduction from the person's income in determining the person's client participation obligation, Medicaid has effectively paid those expenses, thus nullifying a portion of the penalty.

Item 5 clarifies policy on when a penalty is not applied to transfer of assets. Although the current rules exempt the transfer of a home to an applicant's blind or disabled child, Section 1917(c)(2) of the Social Security Act prohibits the application of a penalty for the transfer of any assets to a child who is blind or disabled.

The amendments in Items 6 and 7 correct the policy on when the purchase of an annuity shall be considered a transfer of assets for less than fair market value to conform to the requirements of Sections 1917(c)(1)(F) and (G) of the Social Security Act [42 U.S.C. §1396p(c)(1)(F)-(G)]. Item 8 clarifies policy on when purchase of a life estate is considered a transfer of assets for less than fair market value.

These amendments do not provide for waivers in specified situations, since they are made to conform to federal and state law. However, requests for the waiver of any rule may be submitted under the Department's general rule on exceptions at 441—1.8(17A,217).

Any interested person may make written comments on the proposed amendments on or before October 27, 2009. Comments should be directed to Mary Ellen Imlau, Bureau of Policy Analysis and Appeals, Department of Human Services, Hoover State Office Building, 1305 East Walnut Street, Des Moines, Iowa 50319-0114.
